HELLO & WELCOME

I'm Kelli Tyler a wedding and portrait photographer in West Texas.

I am a mama to William and Vivian. In May 2022, William left this earth to be nestled safe in the arms of our Heavenly Father. We stand firm in the truth of knowing there is a plan for our journey and choose joy. I encourage you to do the same. This grief has allowed me the privilege to truly understand the weight a photograph holds in our lives.

I love being able to see your forever moments from the beginning at your wedding day to the days of growing your family! It's truly an honor to be such a part in making memories for you to keep.

Whenever I pick up my camera, I strive to create beautiful and emotional images that tell your story and showcase the beauty of your lives.

My love for photography has allowed me to witness some amazing love stories on wedding days. It has allowed me to give my clients images they can pass on for generations. It has allowed me to capture memories with loved ones that are no longer here. And it has allowed me to turn clients into beautiful friendships that I will always cherish! It would be a dream for me to be able to share my gift with you and I would be honored to be apart of your best day ever!

- Kel

KIND WORDS

STEPHANIE & CLINT

my favorite wedding vendor to work with! kelli's photos captured all the little details and special moments with our families. she'll make you feel comfortable in front of the camera, help you find other wonderful wedding vendors to work with, and cheer you on through the whole wedding journey.

WHAT YOU CAN EXPECT

MY IDEOLOGY & VISION

In order to remember your real moments they deserve to be captured. In the kinds of images which remind you that joy can be found in the simplest of moments together. I believe in capturing images that can be placed in frames and hung on the walls or printed in albums and placed on coffee tables to share with future generations. Most importantly, I believe in the power of marriage and love God ordained for us.

After photographing over the past 8 years, I've really come to value the unexpected, intimate moments that take place on a wedding day.

The hug your mom gives you before you leave the dressing room. The tear that falls down his cheek when he sees you walking down the aisle. The way the two of you lean your heads together during the toasts.

This day is about more than the flowers and the shoes you chose. It's about celebrating the start of a new family legacy. It's an honor to play a part in such a significant day and I hope you'll choose me to be a part of yours!

INVEST IN YOUR MEMORIES

HEIRLOOM ARTWORK

Your precious images hold a higher purpose than staying on your social media feed or a hard drive.

They will be increasingly loved as the years go by, making them an investment you will never regret. I offer a wide selection of high-end products designed to showcase and preserve your family's memories. Give yourself the gift of showcasing in print your most cherished moments or people. Use the space where you spend the most of your time to display the images you love.

Images we love may get buried in countless folders or lost in our computers and phones. Backups may fail, causing us to neglect or forget memories that we have documented throughout the years of our lives. These digital files may be easily accessible at the moment, but years down the road they may be impossible to find, or not as easily attainable. Then what will our children and future generations be able to look at to remember?

FAQ

I. WHAT'S YOUR PHOTO STYLE?

I am a light and airy wedding photographer I desire to create authentically romantic moments on your wedding day. My images have a film emulation to stand the test of time. I blend a photojournalistic style with natural posing when needed so you're never second guessing where your hands should be.

II. HOW DO YOU SHOOT IN MICHIGAN & TEXAS?

My home is in West Texas with my husband and daughter. However, I am blessed to have my childhood home in Michigan as a landing spot when I shoot weddings there. But I am willing to travel worldwide for weddings! I've shot in over 15 states and would love to add a new state to my portfolio! Let's dream!

III. DO YOU OFFER VIDEOGRAPHY WITH YOUR PACKAGES?

I don't offer video. But all my couples do get a preferred vendor guide when they book. It's my guide of our favorite vendors in the area that I trust with your wedding day and have worked with many times.

IV. I'VE NEVER PLANNED A WEDDING BEFORE AND I HAVE NO IDEA HOW TO CREATE A TIMELINE, OR HOW LONG I NEED PHOTO COVERAGE FOR. CAN YOU HELP?

Girl, I got you. I create a custom timeline for all my couples at the beginning of the booking process so that you know what to plan for and then we will finalize it a month or so before the wedding!

V. HOW MANY PHOTOS DO YOU GIVE AND DO I HAVE THE RIGHTS TO PRINT?

On average our couples get 100-125 images/hour from their wedding day. This depends on the amount of hours we are there and how detail oriented your wedding is. Yes, you have the rights to print the images and I can give you great recommendations on where to do so!

NEXT STEPS

- I Take your time to decide which package and service suit you perfectly for your wedding day. Don't worry about the add-ons's. We can add things right up until the week of your wedding.
- II I would love to meet you! Let's schedule a meeting. I love to meet in-person but if that's not a possibility let's find a time to FaceTime or Zoom. I want to know all about your vision, ideas and dreams for your big day. This is also a great opportunity to ask me all the questions, I am here to help in any way I can.
After the meeting, I will send you a booking proposal with your contract and payment schedule with an online portal to pay your deposit easily.
- III Once all the logistics are taken care of, you're booked and the fun part begins. I will be here to walk with you every step of the way. A couple of months before your wedding, I'll reach out with a questionnaire to get some information about who else you're collaborating with for your wedding day - florist, decor, etc. A month before your wedding, I'll send a questionnaire regarding the timelines for your wedding day.
- IV A few weeks before your wedding, I'll touch base to schedule a pre-wedding chat to run through timelines.
The week of your wedding, I'll touch base to make sure everything is on track and confirm timelines.
The wedding day - I'm yours! I am there to serve you and help you in any and every way I can.
- V Within 48 hours after your wedding, I'll send you a sneak-peek gallery. There will be 10-20 photos from the day so you can have something to get excited about!
- VI Within 8-10 weeks from of your wedding date, you'll receive your full gallery.

I CAN'T WAIT TO HEAR FROM YOU

LET'S CREATE BEAUTY

It's important to note that I am here for you as more than just your wedding photographer. I am here to be a cheerleader, a sounding board, an advice giver and a resource to all things wedding. So, let's be besties, a girl can never have too many friends!

I want you to uncork the champagne curl up on the couch and be able to relive your wedding day through these photos for many years to come!
